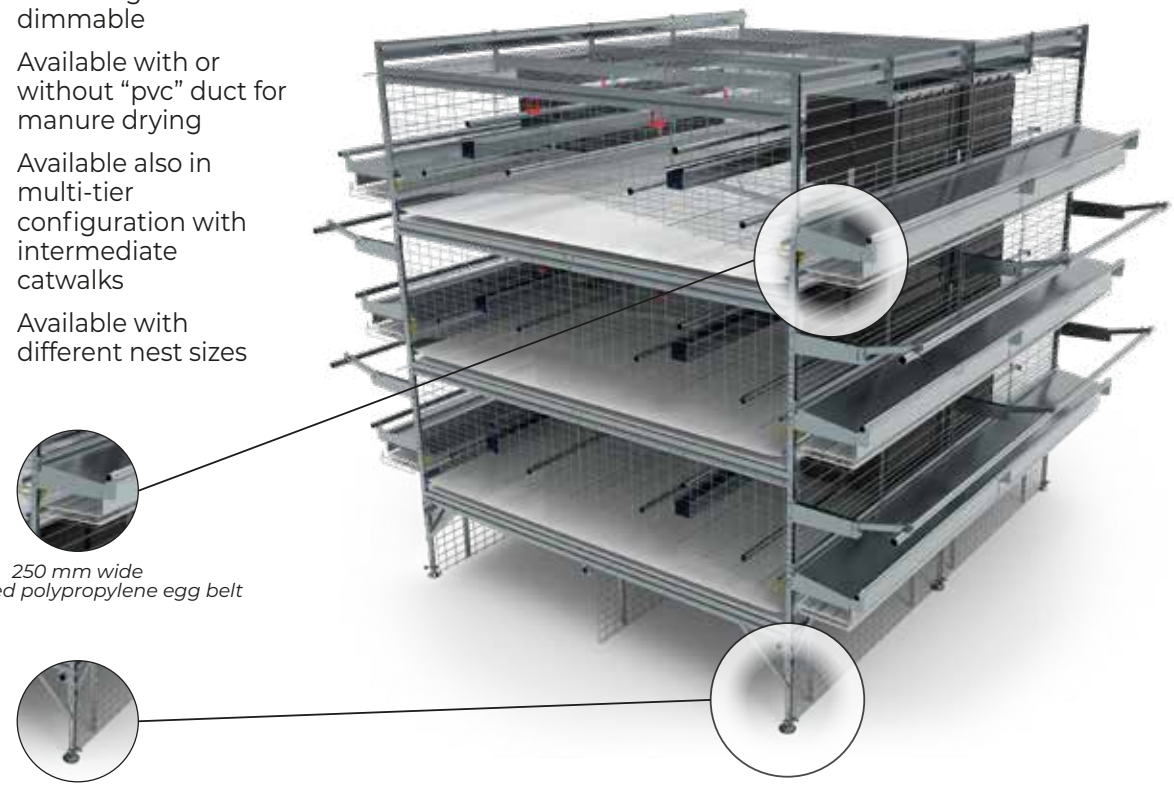
Care — Durability — Flexibility — Reliability — Service

VOLO USA is the ideal convertible system, perfectly suited to meet diverse market demands — it can be used either as an enriched colony or as an aviary.

- Length of each module: 2900 mm (9' - 6 3/16")
- Each tier is equipped with:
  - 2 egg laying nests
  - 2 flat chain feed lines accessible from both sides
  - 2 drinking lines
  - 1 LED lights line
  - 2 egg belts 250 mm wide (9 13/16")
  - 1 manure belt
- Egg-laying nest positioned at the center of the colony, available in 4 sizes to optimize capacity.
- Egg belt cover used as usable area
- Second tier laying nest cover used as usable area (only in 2 tiers configuration)
- External foldable perches to facilitate the movement of the birds between the various levels
- Feet in stainless steel
- All LED lights are dimmable
- Available with or without “pvc” duct for manure drying
- Available also in multi-tier configuration with intermediate catwalks
- Available with different nest sizes



250 mm wide perforated polypropylene egg belt

Feet in stainless steel
