Volo - VLV-E

LAYING AVIARY - ALTERNATIVE SYSTEM

- Length of each module: 2900 mm (9' - 6 3/16'')
- 2 central nests on the second tier (width: 0.55 m)
- 2 egg belts (width: 0.35 m)
- Egg belt covers can be used as usable surface
- Additional upper platform available as an option (1.0 m along the entire length of the element, usable as a surface)
- Automatic animal expulsion from nests with lifting floor
- One drinking line in front of each nest and one on the 1st tier
- Manure collection belts on the 1st and 3rd tier
- Excellent ratio between usable surface, feeding space, and perches
- One feeding circuit on the 1st tier and two circuits on the 3rd tier
- Optimal arrangement of feeding areas and drinking lines to encourage animal movement between floors without obstructing nest access
- Stainless steel bottom upright
- Available with or without a "PVC" tube for manure drying
- Also available in a multi-tier configuration with intermediate walkways
- Usable area:
 - 5.68 m² (61.13 ft²) per linear meter
 - 6.68 m² (71.9 ft²) per linear meter with the additional platform

Heights are subject to decrease due to feet adjustment
